OM THE DESK OF THE PRINCIPAL

Warm greetings!

I deem it my privileged honour to share that the school, hailed as one of the deemed institutions, has successfully carved a distinctive niche for itself, in the world of education. As always, our students have done exceedingly well in CBSE Boards this year and won numerous accolades to make us proud.

I also wish to put on record that the school has risen to the need of the hour, striving relentlessly to provide unhindered learning to our students, during these challenging times.

The surge of this successful odyssey springs from the unification of enlightened minds who have steered and sustained our dreams and transformed to realities.

As we bring out the second edition of newsletter-'Reflections', I offer my congratulations to the teachers and the students who have believed in the power of dreams and embraced mine as their own. I also express sheer gratitude to our dear parents who have stood by us and helped us in translating our vision.

We invite you to navigate through this journal, a record of the incessant growth and accomplishments of the school. In the same vein, I look forward to your continued support to make this school a shining star in the edu-world of the city.

Atul Wadhawan (School Principal)

"We keep moving forward, opening new doors, doing new things, because we're curious and curiosity keeps leading us down new paths."

Message

Greetings from MBS International School!

I hope each one of you is safe and following the necessary healthcare guidelines to combat the COVID-19. The interference of the ongoing pandemic in the education system is a reminder that there is a need for change. For years, we've been talking about e-learning and well that future is here! We are witnessing the shift from 'thinking digital' to 'being digital'. We are glad to inform that MBS International School, Dwarka has seamlessly integrated classroom learning with e-learning modes to build a unified and holistic learning system. Our teachers have been using constructive online forums of learning which will make our students innovative apart from strengthening them academically. Right from academics, co-curricular activities, sports and competitions, our teachers have managed to relocate everything from school campus to cloud. We have offered a plethora of online activities to the students for them to pursue their interest and showcase their talent. We are proud to report that our learners have been enthusiastic participants and have demonstrated varied excellent skills throughout this journey during the COVID-19 lockdown.

The School has shown a steady growth in academic achievement for the past several years. There is no option but to achieve excellence! It is an honour to be an MBSian. We are working relentlessly towards the holistic development of our students which will prepare them to become the 21st century leaders who can make decisions, plan forward, foster change and solve problems; in other words, ready themselves and we request for the dynamic collaboration from the parents, as always. We also know how important it is to build strong parent-teacher relationship. As a result, we encourage parents to be active participants in school life and we welcome you to be part of our many events and activities. Believing, "If everyone is moving together, then success takes care of itself," let's move with a mission to provide our children with all the possible facilities that would help them in becoming good and successful human beings. Once again, thank you for reposing faith in our school. Let's move ahead to win more accolades.

Rajesh Bano Preeya

(School Vice Principal)

Each moment that life bestows is meant to be discovered and celebrated. In an attempt to allow students to experience the joy of 'new' learning, during these unprecedented and challenging moments, the school organised Ripples 2020, themed on 'value', to provide prodigies an opportunity to perceive beauty and value in the world.

The event detailed some 'value' themed interesting activities which inspired more than 200 participants from around 50 schools in Delhi to explore and exhibit their imagination and creativity. The experiential initiative enriched the students as they participated with alacrity in multifarious array of activities such as Waltz n Whirl, Cheery Puppetale, Director's cut, etc., to name a few.

The presentations and videos carefully and painstakingly prepared by students made the 'online' event an experience in itself.

"

One looks back with appreciation to the brilliant teachers who touched our human feelings as warmth is the vital element for the soul of the child.

"

Teachers' Day was an epochal occasion to appreciate the brilliant teachers of the school who sowed warmth into the soul of the young minds and ignited in them an ambition to excel in every capacity.

The students of the school paid a glowing tribute to their mentors through the special assembly celebrating the dedication and commitment of their guides, in the august presence of the School Principal, the School Vice Principal, senior Headmistress, Coordinators of respective wings, teachers, parents and students.

The Teacher's Day 2020 was an incredibly executed 'online' event realised with teamwork of the teachers, council members and students who contributed to make the celebration a resounding 'virtual' success!

The assembly commenced with the Guru Vandana, followed by Poem recitation. The presentation by tiny tots of the Pre- Primary classes flabbergasted all as they expressed their gratitude with their innocent and excitingly adorable videos! A beautifully orchestrated skit in the form of a Qawwali, a mellifluous tribute to teachers by students, besides dance performances were some of the programme highlights! The School Vice Principal addressed the teachers on the occasion and congratulated their achievements.

A memorable online teacher tribute indeed!

Teachers' Day Celebration

"Learning is experience.
For the things we have to learn
before we can do them,
we learn by doing them."

To unbridle the latent creativities of children, the School organised Hobby Lobby Summer Online Camp for the students of classes Pre-School – XII comprising a plethora of interesting activities such as Food and Flavours, Music (Instrumental), Go Digital, Personality Development, Tapping Toes, Aerobics, Rang Tarang, Vedic Maths etc.

Each activity witnessed exhilarated participation of students, who got a platform to exhibit their skills. The camp not only fostered their creativity and decision-making skills but also helped them explore their hidden talents and discover new areas of interest.

Reminiscing the sacrifices of the heroes who spent their 'today' for our 'better' tomorrow, the School, celebrated 74th Independence Day in the presence of Mr. Anto Alphonse, DCP, Dwarka the esteemed chief guest, who graciously consented to unfurl the flag escorted by the School Principal and the School Vice Principal.

A gamut of cultural performances including musical presentation by special children, dance performance by teachers and speech were a tribute to the freedom fighters who sacrificed their lives for our freedom. The Vice Principal addressed the august gathering, urging everyone to fulfill one's duty towards the nation with responsibility.

"FREEDOM IN THE MIND, FAITH IN THE WORDS, PRIDE IN OUR SOULS, LET'S SALUTE THE NATION ON THIS INDEPENDENCE DAY."

INVESTITURE CEREMONY

Leaders for Tommorrow

Investiture Ceremony is not just about providing titles, but about conferring responsibilities to the students, to carve great leaders out of them.

The School organised a Virtual Investiture Ceremony which witnessed the proud coronation of young leaders as Student Council members. The solemn event commenced with the lighting of the lamp, followed by an awe-inspiring mellifluous performance. The Vice Principal, welcomed the august gathering and congratulated the students, reminding them that, with position comes responsibility and hence, they should make sincere efforts to ensure discipline in the school. This was followed by honouring and investing them with badges and honours. The student council members took oath to faithfully work for the school and expressed their gratitude to the school as they geared up for their new roles. The Chief Guest Mr. Satendra Sangwan, addressed the audience with his encouraging words and congratulated the

A leader is the one who knows the way, goes the way and shows the way.

students for their achievement. culminated event with a vote of thanks proposed our Senior bv Mistress Head who applauded the accomplishment of the young office bearers and inspired them to continue to work diligently for their alma mater.

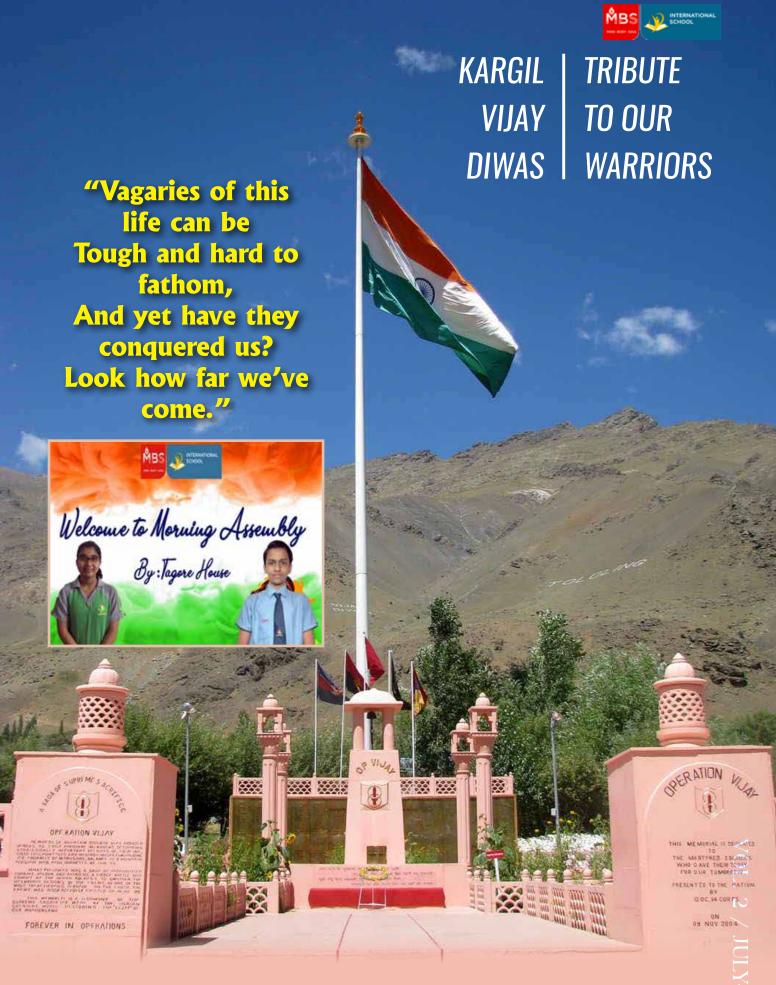

- Commissioned as 2ND Lieutenant in 16th Battalion THE GRENADIERS Regiment in Army in Mar 1996 from OFFICERS TRAINING ACADEMY, CHENNAI
- Leader of first platoon to go for KARGIL War in BATALIK sector. Actively participated in KARGIL WAR and Fought for 2
- While going for an attack on Pakistani post got Injured in an anti-personal mine and lost right leg below knee
- Participated in Athletics and Badminton in Paralympic Games and won various medals at National and International level at Belgium, Manchester, South Korea, Malaysia, Thailand, Isarel for India.
- Won Asian Games and World Games in 2009.
- Received NATIONAL AWARD from President of India for being a ROLE MODEL FOR THE SOCIETY

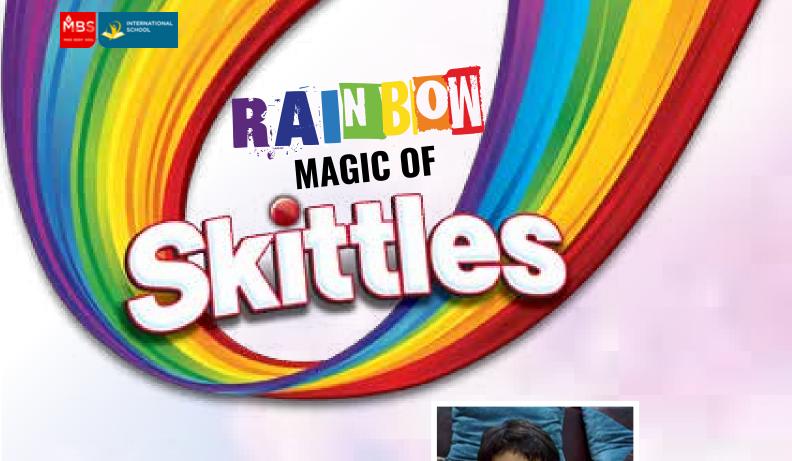

To build sportsmanship and encourage the students to remain active 'during lockdown moments'. Children of preprimary classes celebrated the National Sports Day online as they were inspired to take part in sporting activities, warm up exercises and indoor games. It was a fun filled day and an apt tribute to the legendary hockey player Major Dhayan Chad, in whose honour this day is celebrated as National Sports Day in India on August 29, every year.

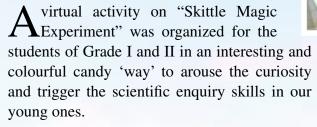

A Google Meet Session was organized on the occasion of Kargil Vijay Diwas to pay homage to all the martyrs of Kargil War. The School celebrated the day with patriotic fervour and enthusiasm through presentations, speeches and poems infused with the spirit of patriotism. Each presentation enumerated on the great sacrifices made by the soldiers who laid down their lives for the nation.

You can't use up creativity. The more you use, the more you have.

The 'hands on' experimentation involved students to arrange skittles around the perimeter of a circular plate and observe the mesmerizing rainbow effect as water was poured. The students were in awe and marveled as the colours danced and swirled into beautiful explosions of colours!

The young blooming minds explored the wonders of science the amusing way !!

believe healthy eating habits should be inculcated from early childhood. The activity 'Healthy bhi Taste Bhi' ensured that children of Pre-Primary were encouraged to eat fruits to stay healthy. Their teachers, with due support of parents engaged children 'online' in assisting them to make fruits popsicles, adorned with their favourite chocolate syrup or honey. They were also involved in a mental exercise as teachers involved them in fruit riddles. The smiles and a sense of pride on their faces was the fruit we reaped for the day!

GG

'I love to eat apples, oranges too. Banana and kiwis are so good too!'

77

MY FAVOURITE HA EXPRESSION OF Welight

44Self- expression is the key life skill⁷⁷

The students learnt to 'speak-n-express' about their favourite fruit in L the activity 'My Favourite Fruit'. This 'educative' activity, apprised them about various common and exotic fruits and provided a platform to our little MBSians to gain confidence in speaking. They also learnt to mould fruits with clay during the online session.

66

Blue is the ocean; Blue is the sky; Blue are the blueberries which we enjoy.

ife is an enjoyable journey and colours enhance the celebration of life. The pre-primary children were welcomed into the fascinating world of blue colour in an interesting 'learning' way. Dressed up in vibrant shades of blue, they painted a blue garden by finger printing and colouring. An array of blue coloured objects were shown online, to give them an insight into the colour blue. Blue learning was really fun!

Children love to play with water especially during summer season. To ensure children enjoy the joyous summer, the school came up with creative ways for children to have fun with water. Preprimary kids were engaged in an interesting activity 'Splish Splash Water Fun' wherein they splish-splashed with coloured water. The fun & glees of laughter made the event interesting and contagious.

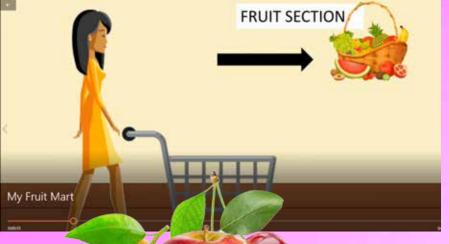

CREATIVE Hands Colouring Competition

Colouring is a proven therapeutic experience for kids, wherein they vent their feelings and other emotions though colouring. It provides an opportunity to develop concentration, fine motor skills and better coordination for early writing skills. It was mesmerizing to witness each child engrossed and thoroughly enjoying the experience of colouring in the 'Colouring Competition'. The efforts put in by our little creative hands were encouraged with appreciation certificates.

They enthusiastically listed the fruits to buy using pictures and 'bought' fruits. A digital experience indeed!

CELEBRATING LOVE

Raksha Bandhan- the bond of love is one of the most endearing festival which celebrates the bond between brothers and sisters. The students of pre-primary were all excited to be a part of this celebration. They were apprised of the significance of this occasion as they made beautiful rakhis using decorative threads, stars, mirrors, pearls, flowers etc. Students were also asked to tie rakhi to a tree or a sapling as they pledged to protect and take care of the plant. The enthusiasm and zeal with which our children participated was very heart warming.

The most important thing is to enjoy your life -to be happy. It's all that matters.

Sun with

Charles and the sun of the sun of

Fun with Alphabets -A Self Introduction activity was conducted wherein teachers displayed flash cards of different alphabets on screen for students to choose and introduce. An energizer riddle game and a quick picture memory game choose and introduce. The students made the most of this opportunity by recapitulated the fun learning. The students made a lot. actively participating in the event and enjoyed a lot.

Verses peritation

Hindi Patriotic Poem Recitation was organized for classes I & II with an aim to develop their verbal skills and boost their confidence.

The young poets enthralled everyone during this virtual activity with their articulation as they recited poems. The icing on the cake were the attractive props which exemplified their performance.

Poem
Recitation
is a mode of expression,
a medium

BUDDING SCIENTISTS

athe selence of today is the technology of tomorrow

Science is all about exploration and discovery. We provide innumerable opportunities to our young scientists to experiment

Budding Scientists' activity was conducted for the students and discover.

of classes VI to VIII wherein the students participated in experimentation on interesting themes such as air pressure, smoke snowfall, making of hand sanitizer, sedimentation, decantation, filtration, mirror image by water, conduction, etc.

It was very exciting to see the enthusiasm of the students while presenting explaining experiments. The sense of achievement visible on the faces of the budding worth was scientists every effort.

The preschoolers had an opportunity to learn about the different kind of water transport in a virtual session. They were also taught to craft clay submarine . A water themed experience indeed!

"Row, Row, Row your boat, gently down the streams...."

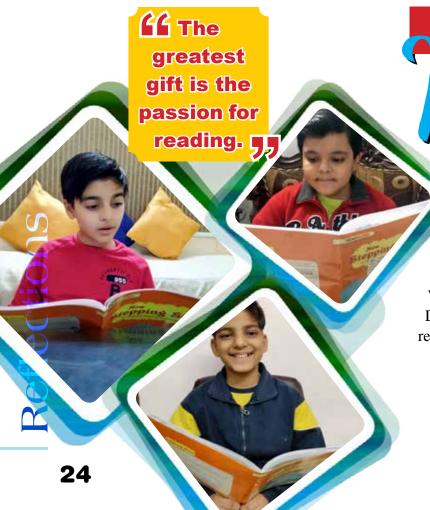

ENGLISH POEM RECITATION

The students of grade III enjoyed celebrating the beauty of expression, rhythm and music of words in a Virtual Poem Recitation Activity. The students enthusiastically participated to exhibit their poetic bent of mind, using creative props, voice modulation, intonation and impressive expressions. It was heart-warming to see amazing performances which was indeed a result of hours of practice. This event enabled our students to kindle their imagination and helped them enhance their learning process.

Beauty is the realm of the poetry

Reading is fun and is a simple way to keep students' mind stimulated and focussed. The school organised 'Reading Week' on the occasion of International Literacy Day, wherein a series of activities like role play, read-a-thon and poem recitation were conducted.

eading

The activities reinforced skills like grammar, vocabulary, pronunciation, and writing. The enthused participation witnessed throughout the week of celebration was testament to the success of the initiative.

Art and craft activities are always fun learning for kids. Be it colouring with crayons or moulding statues from clay, folding paper to create fine origami or designing a handmade craft work, art reflects skills and creativity. "Newspaper Craft Activity" was conducted wherein Grade -I students made coasters and Grade -II students created Photo Frames using painting and rolling process to present beautiful work of craft. The activity reinforced the message of recycle and reuse and fostered innovative application to craft something 'innovative' out of waste.

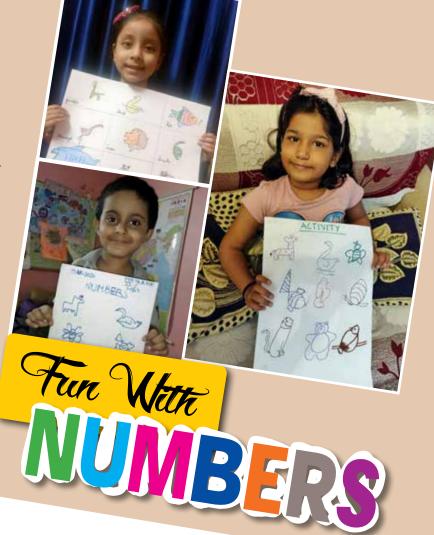

The state of the s

'Shapes are fun. ...one of the seven elements of art.'

A virtual activity 'Fun with Numbers' for the students of grade I & II strived to teach the basic concepts of numbers to the students by drawing the shape of the animal. Children were seen engrossed in creating and shaping beautiful animals with numbers as they exhibited their artistic skills in presenting educative activity.

In these pandemic times, to generate awareness among students for greater greenery in the country, the School organized a 'Tree Plantation Activity' for the students of Grade III & IV themed on 'Each one, plant one'. Students were instructed to plant a sapling in their house garden with the help of their parents and share photographs. The initiative sensitized the young ones about the importance of flora.

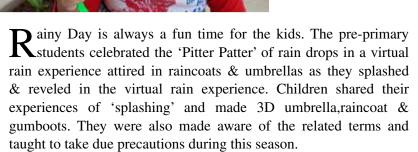

AD Mad show for the students of Grade I and II was an opportunity to bring out individual talent, explore their creativity and stage confidence. The students participated with great zeal and enthusiasm.

'A healthy mind, healthy body connection is the key to a much happier life.'

BBBS 8 DW

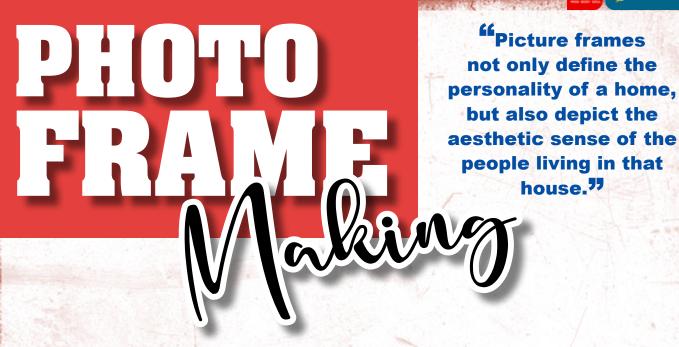

It is a well-known fact that sustainable development and a holistic ecological view are the need of the hour in today's world, where man's domination over nature has risen to gigantic proportions.

The School organized a virtual 'Dress and Depict Activity' for the students of Grade IV themed on 'Save mother earth'. The students depicted the woes of the earth as they conveyed a strong message to protect and nurture it back to its pristine glory.

Paper crafts provide a child the chance to express himself in a purely creative environment. A virtual "Photo Frame Making Activity" was organized for the students of Grade I to help them develop fine motor skills and creativity. Students designed Photo Frames with newspapers using painting and rolling process to create beautiful craft work. The activity fostered innovative application and gave them a joyful experience to create something new out of waste.

MBS INTERNATIONAL SCHOOL

INTER-HOUSE PATRIOTIC SONG

COMPETITION

Theme: Patriotism

Day/Date: Tuesday, August 11,2020

Time: 9:00 a.m.

Link: https://meet.google.com/pvpopnn-sjm

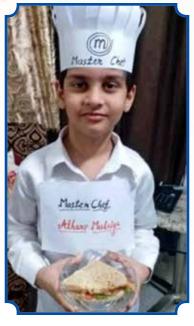

A virtual Inter House Patriotic Song Competition was organized, wherein singers from each house vied with each other to outshine as each one of them belted out a melody infused with patriotic number.

FOOD IS LIFE, COOKING IS FUN

The children donned the hat of a 'chef' in the Little Master Chef activity conducted for the students of the Grade I & II.

They exhibited great culinary skills as they prepared nutritious and healthy sandwiches during the virtual activity. It was a virtual feast for the eyes as sumptuous sandwiches were displayed in aesthetic presentation. The activity encouraged healthy eating habit as they discovered the art of 'creative' cooking culminating in yummy delights. It also created awareness about the nutritional value of food cooked without fire. The display was a visual treat tickling to the taste buds.

SHOW AND TELL

"You can have anything you want in life if you dress for it."

66 Show & Tell- My Favorite Outfit" was organized on a virtual platform for the students of Grade I and II.

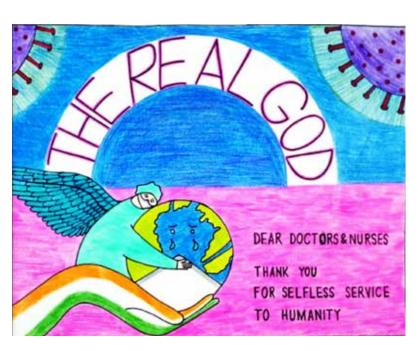

The activity was a cornucopia of fun and talent as the children spoke confidently about their favorite outfit. It also sparked their imagination and provided a creative avenue to express themselves.

As an inspiring and educative initiative to help students understand the role of corona warriors, a slogan writing activity on the topic 'Our Saviors During Lockdown' was conducted for the students of grade III-V.

Our students displayed immense resourcefulness by expressing their thoughts in an articulate and artistic way. The event helped them to explore, engage, and develop a thorough understanding of the efforts put in by the professionals helping us during lockdown.

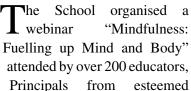

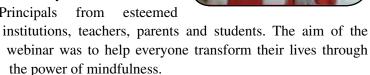

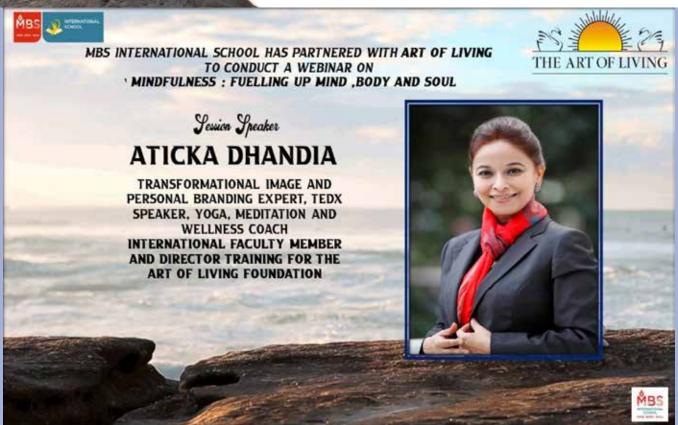

"Life is like a dance, in all its magnificence, interspersed with moments of mirth as well as sorrows, and the art of 'mindfulness' is witnessing that dance of life, being aware of it and imbibing its very beauty."

The speaker, Ms. Aticka Dhandia, Transformational Image and personal branding expert, TEDx Speaker, Yoga, Meditation and Wellness Coach discussed the practice of mindfulness to decrease stress, attention deficit issues, depression, anxiety, and hostility while simultaneously providing optimal conditions for learning and teaching. The webinar focused on introducing mindfulness practices for educators to enable them to transform their classrooms into communities of mutual understanding and compassion. It was highly informative and enriching experience.

common errors in CALIST

Alinguistic workshop 'Common Errors in English' was organised, via Google Meet session, for the teachers to enable them to speak error- free English. Ms. Deepali Jain, taught the participants to use correct pronunciation and also elaborated on the difference between British and American English. The interactive session equipped teachers with effective methods, resources, practical ideas and activities that can be implemented in classrooms to teach students error-free English. The teachers had great time during the session as they learnt many common errors in English.

Confidence
comes not from
always being
right but from
not fearing to be
wrong.

99

YOGA: A Way of Life

"Yoga is like music, rhythm of the body, melody of the mind and harmony of the soul which creates the symphony of life".

To acquaint the teachers with the importance of yoga on mind, body and soul, the School organised a webinar on "Yoga and Mental Health". The webinar was helmed by Dr. Rahul Budhraja where he highlighted the importance and enigma of yoga in daily life. He mentioned that yoga has meditative and spiritual attributes, besides enabling one to be physically fit. It was a very interactive and illuminating session.

DRAWING AND COLOURING

The ability to draw depends on the ability to see the way an artist sees.

The Rainy Season

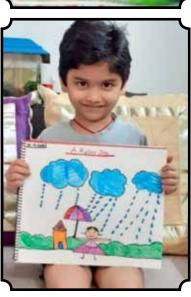

'Drawing and Colouring' helps children to think creatively, develop hand-eye co-ordination, hone analytic skills, and conceptualize ideas.

"Drawing and Colouring the Rainy Season" was organized, as a virtual activity for the students of Grade I and II to encourage creativity wherein students depicted the rainy season. It was exhilarating to witness their zeal and enthusiasm portrayed in their vibrant, visualized 'rainy' drawings.

Reflections

EXPLESSIONS: Crand larent speak

Grandfather- Namaskar, I am Tapan Guha Dam and she is my my wife Ranjana Guha Dam. We are grandparents of Ayaansh Guha Dam Studying in MBS international school of class KG-A. We are really very much satisfied with the progress of Ayaansh since he joined this school. Grandmother- Yes we are really very happy and satisfied with all the teachers in your school. Aap sabhi teachers ka itna accha yogdan hai aur talmel hai bacchon ke saath jo humme school. Aap sabhi teachers ka itna accha yogdan hai growth dekha hai, uske studies mein, bohut hi pasand aya hai. Humne apne bache mein kaafi growth dekha hai, uske studies mein, bohut hi pasand aya hai. Humne apne bache mein kaafi growth dekha hai apke teachers ka activities mein, is wajah se hum bohut hi khush hain and appreciate karte hai apke teachers ka activities mein, is wajah se hum bohut hi khush hain and appreciate karte hai apke teachers ka jo bacchon ke saath itna involved hain. School ko progress dene mein teachers ka bohut zyada jo bacchon ke saath itna involved hain. School ko progress dete hain school ko for more yogdan rahega. Hum bohut ashirwad dete hai and good wishes dete hain school ko for more progress. Thank you.

Namaskar, I am Gurbachan Singh grandfather of Amrit Kaur who is in the foundation class at MBS International School. And I am very happy to see that the foundation of my grandchild is being laid well by the school management and staff. I am amazed to see the kind of work the teachers are doing with children even during these tough times. We're very glad as Mbs international School has been conducting not only classes but also organising various activities through the online mode for overall development of children.

EXPRESSIONS:

To

The Principal, MBS International School, Dwarka, New Delhi

Subject: - Thanks Letter

Dear Sir

It is great opportunity to thanks for your efforts you made each of students of MBS International School, MBS International School is a place, where, every student develops their hidden skills in guidance of super cooperative teachers, and school staff, school experience teacher always give the preference on knowledge rather than just emphasizing on educational skill.

With Best Regards,

SUNDAR NEGI

V. Prasanna Kumar

This school has been a wonderful experience for both my son, Stephen (XIIA) & us, as parents as well. He transitioned from a shy and introverted boy to a confident and happy young adult when he moved to MBS International last year. The teachers were always available and genuinely committed to exploiting his potential to the fullest. They were also very open to parental feedback and made sincere efforts to implement recommendations to the extent possible. The family-like atmosphere meant that students were not just another number, and everyone knew each other. The school maintains strong safety standards and an impressive level of hygiene. I would strongly recommend MBS International School for those seeking a quality education at a very affordable cost. The values, good manners, and discipline that the school emphasizes are an added bonus. Most importantly, I am confident that the relationships Stephen forged with his teachers & students will last over the years.

In these unprecedented times, the Corrd pandeme has caused a major destruption in the way of life. The closure of schools was a major concern, however the teachers of MBS International School have been to the challenge and ensured a smooth transition from Classroom teating to interactive smline sections. It is trolly commendable that They have come up with innovative ways to help the students learn and adapt to the new mode of learning — be it organizing events such as Independence day, Investible externoony and other to aurunalia attentive souline or ensuring that no child in left behind — they have created that the learning does not stop. In fact, because of the concerted efforts of the traction students have now started laking that way of teaching which after personalized Illention and wasching from the comfort and safety of their homes freatly appreciate the hard work and dedication of the Hachers.

Parent Speak

My prior concern during the lockdown has being my daughter's studies. She is in 10 standard and online studies where all I could provide her during the lockdown. I'm greatly thankful to all the teachers providing their attention even after their working hours. She was enjoying her time during learning like never before. She learned, improved her presentation skills and participated in various activities. I would most likely want to appreciate the teaching staff for providing such an organised and elaborated study materials like ppts, pdf and video lectures.

Subhadra Anand (Parent of Poornima Anand)

I Rohit Arora, parent of Arya Arora of class 10-A is extremely content by seeing the extraordinary efforts made by the school this session. When this session started and we were told that my daughter's classes will be happening online, to be honest, I got a little stressed that how will she understand the concepts because the experience of being in the school and taking classes offline is great and how will she cope up now, but then i noticed the great efforts that the teachers and the school's staff is making. The teachers make ppts and explains every single topic so clear. In fact I am glad that now I can literally see how my child is studying and help her and guide her in the correct way. I have also noticed that during the tests, teachers are there on duty and students are supposed to keep their cameras on, which I very well appreciate. They are given assignments and worksheets, also the teachers shares videos related to the topics they are teaching in the class for better understanding. I personally am very impressed by all the great and wonderful efforts teachers and school is making and I hope that they continue these classes like this only.

MBS International School is a school where students can grow their wings under the umbrella of wonderful teachers, mentors, guides that are all idealistic in life. MBS international school also stood outstanding in this pandemic situation, my ward never stopped learning and we also never felt if there is any hurdle or any major difference in real classes or online classes. The management of the school was so great online also and we are very contented on this scale of hard work they have done especially the teachers were really cooperative.
