From the Principal's Desk

'Education has always been a cornerstone of society, the leading light in quest of the unknown'.

The school has always endeavoured to delve deeper into the true purpose of education by giving students opportunities and prospects that are positive, inspiring and challenging. We inspire our students to blaze new trails, achieve a level of excellence and strive to be the brightest and the best.

Our edition of 'Sparks', encapsulates their aspirations, achievements and participation in various school activities in the field of Music, Dance, Art and Theater to a variety of Sports, Social Work and Environmental Conservation activities which have strived to explore and chisel their inherent aptitudes".
